

TOP 3 REASONS FOR FRESHMAN TO TO LIVE ON-CAMPUS

24 HOUR SECURITY

Each hall is staffed by 24 hour security that works directly under the VCU Police. All security personnel are equipped with multiple ways of instant communication with the police to ensure resident safety.

10% HIGHER GPA

GPA's of freshman that live on campus are on average 10% higher than their counterparts that live off campus. Many students attribute this to being steps away from classes, instant access to study partners, and ready availability of study spaces.

1 HOUSING BILL

Housing costs are all inclusive and billed each semester to your student account, where your financial aid can be applied toward these charges.
